### Ohio Casualty Claims Operation Internship Program

Our claims associates service and support our customers and our agents. They're the ones who step in when things go bad for our customers and work to make things right whether it's a house fire or hurricane. They process claims for all our primary lines of business and resolve other claims-related issues.

Are you a people person? Do you enjoy investigating? Are you a fast learner? Would others consider you a leader?

Our Casualty Claims Team located in Canton, Ohio is seeking internship candidates to be a part of our dynamic internship program. The internship position is designed to introduce candidates to Nationwide's corporate culture and Casualty Claims. The duration of this program is 10 weeks during which you will assist claim representatives with the file maintenance unit tasks, follow up on documents (Police reports, medical records, etc.) and assist in handling of non-complex claims, recording and filing within our medical unit. *Internship programs may or may not provide academic credit in exchange for work performed.*
